1 POLICY STATEMENT AND PURPOSE

The purpose of this policy is to identify the criteria for allocation of results and GPA requirements for students. The policy also establishes the parameters for the award of award of medals, certificates of merit and dux for the undergraduate and post graduate programs

2 SCOPE

This policy applies to all ICHM staff and Students.

3 DEFINITIONS

Grade

A grade is a qualitative descriptor used to signify a range of percentage marks or the status of a result where percentage marks are not applicable. Grades indicate the level of performance in a subject against specified criteria and standards.

Mark

A mark is a quantitative value, often expressed as a percentage, which is awarded for an assessment task and subject

4 POLICY DETAILS

Results and Grades

Notification of individual assessment piece results

The academic and administration staff of the college will use their respective best endeavours to ensure that:

- The results for each individual piece of assessment are published within three weeks of the work being submitted/ examination attended.
- Students have two weeks to lodge an appeal to the Academic Committee against provisional individual assessment piece results.

Determination and approval of final results

The subject Lecturer or Industry and Career Development Manager is responsible for recommending the final mark and grade for each student to the Academic Committee.

The Academic Committee will:

- review the recommended marks and grades, grade distribution reports and other relevant documentation, and will moderate where applicable,
- approve the final grades,
- report the final grades to the Academic Board.

The Academic Board will review the final grades and make recommendations for the conferral of the academic awards.

All subjects must be graded according to ICHM's approved assessment grading system (see official grades)

The provisional final grades for subjects are provided to students no later than six weeks after the official end of the subject.

Results communicated to students by lecturing staff prior to submission to the Academic Committee are provisional only. A grade is only considered official or finalised following approval by the Academic Committee.

After grades have been finalised by the Academic Committee, they can only be altered with the approval of the Principal.

Students have two weeks to lodge an appeal to the Academic Committee against provisional final grades.

ICHM's formal reporting of a student's performance in a subject is by the final grade only. Marks awarded for subjects will be recorded in the student management system, but not published or printed on any official academic transcript or notice, or formally communicated to students.

A Provisional Statement of final grades for each academic semester will be emailed to an address as advised by the student and should be received no later than ten weeks after the official end of the semester.

Official grades

Official grades are as follows:

Code	Grade	Mark Percentage Range	GPA
HD	High Distinction	85 – 100%	7.00
D	Distinction	75 – 84%	6.00
C	Credit	65 – 74 %	5.00

P2	Pass Level 2	50 – 54 %	4.00
F1	Fail Level 1	45 – 49%	1.50
F2	Fail Level 2	00 – 44%	1.00
CP	Conceded Pass	NA	3.00
NGP	Non Graded Pass	NA	NA
S	Status	NA	NA
R	Result Incomplete	NA	NA
WDNF*	Withdrawn not failed	NA	NA
WDF*	Withdrawn failed	NA	1.5

**Descriptors*

WDNF: the student withdraws before the "withdrawal date" ("withdrawal date" refers to the date when 50% of the subject is delivered). There is no GPA awarded and the subject is not included in calculating course GPA.

WDF: the student withdraws after "withdrawal date" ("withdrawal date" refers to the date when 50% of the subject is delivered). A GPA is awarded and the subject included in calculating course GPA.

Where a domestic student withdraws before "college census date" ("college census date" refers to the date when 20% of the subject is delivered) the subject will be removed from their enrolment.

All students will be advised of the "college census date" and the "withdrawal date" prior to the commencement of each semester.

Students should familiarise themselves with the Fee and Refund Policy and Re-crediting a Fee Help Balance Policy if intending to withdraw.

The Principal has the discretion to award a WDNF instead of a WDF where evidence is provided of “compassionate or compelling circumstances”.

Conceded Pass

The Academic Committee or Principal can award a Conceded Pass. The decision is normally made when the Academic Committee reviews a student results for a semester and considers the impact of a fail/s on the student’s academic progression.

The final mark for the subject being considered for a Conceded Pass would normally be in the range 45-49%.

The maximum number of Conceded Passes a student can be awarded is two per each year level of study as per the ICHM curriculum which has 8 subjects in each year. However, the maximum number of Conceded Passes a student may be awarded is 4 in the three-year degree and 6 in the four-year degree.

Conceded Passes are not normally available in postgraduate awards.

Where appropriate, a Conceded Pass may be awarded outside this policy. In such cases, the grounds for the award must be reported to the Academic Board as a variation to standard procedure.

Student appeals

Students have the opportunity to discuss the results (mark) for each piece of assessment and provisional final grades with Lecturers and Industry and Career Development Managers.

If the student has a concern which is not resolved satisfactorily they can within two weeks of being advised of the result (mark) or provisional grade submit a written submission to the Academic Committee, via the Program Director Academic, challenging the lecturer’s decision and providing further information to support their appeal.

In its deliberations, the Academic Committee will be guided by the provisions of the Assessment Policy. The student may be requested to attend the review or may attend if he/she wishes.

If a student is not satisfied with a decision of the Academic Committee, they can appeal the decision via the Academic Grievance Policy and Procedure.
