Nothing Beats Experience.
Why study abroad @ ICHM

Nothing beats experience, and with the ICHM Study Abroad program that is exactly what you get; the opportunity to study in Australia and then obtain real industry experience.

It is an opportunity to enhance the value of your degree; you can develop new skills, and experience different systems and methodologies that can help improve your future employment opportunities.

What do you study?

With the Study Abroad Program, ICHM invites students from all around the world to study with them in Adelaide for six months; and then undertake a paid work placement in an Australian hotel for six months. (*The work placement is optional.*) Together with your own university or hotel school you can select up to 8 subjects (or as few as 4 subjects) at different levels.

On-campus Accommodation & Meals

During your academic semester you can stay in the ICHM on-campus accommodation, comprised of villa style apartments with a single bedroom for each student, it includes 3 meals a day, computer and internet access.

See ichm.edu.au for more information and current cost.

Study Abroad Tuition Fees

All Study Abroad students pay a once off New Student Fee – $1500.

Tuition fees are then calculated by the number of subjects studied. The per subject cost for 2015 is fixed at $2,800. Depending on the number and type of subjects selected, the six month academic fee will range from approximately A$11,200 (four subjects) to A$22,400 (eight subjects). Refer to the ICHM website or Prospectus for other potential expenses related to your study while at ICHM and living in Australia.
