Preamble

The purpose of this policy is to ensure that ICHM fully complies with the requirements of Standard 5 of the National Code of Practice 2007. This Policy sets out the policy and procedure for accepting any international or domestic student who are under the age of 18 years.

Policy

Any person applying to study for any course offered by the International College of Hotel Management must be at least 18 years of age at the time of entry into the course of study or commencement date of the course applied for.

Exemptions from this policy will only be considered in exceptional circumstances, by the Principal.

The Principal will consider each application for acceptance from a minor on its merits taking into consideration:

- The recommendation of the ICHM marketing representative based on his/her personal interview and personal references
- The recommendation of the Education Agent (if applicable)
- The parents or guardian's permission having been granted
- The actual birth date of the minor and how long he/she will be on campus as a minor
- Whether or not the new student intake would otherwise be fully subscribed
- The staffing and resources available on campus and in the residence to ensure the minors safety, support and well being
- The minor who will not be cared for by a parent, will live at Regency International House, (supervised 24 hours a day, 7 days a week) until the minor turns 18 years of age.
- The minor agrees to abide by the "Agreement regarding the special conditions applying to students under 18 years of age" (attached).

By accepting an international student, the Principal of ICHM accepts to adhere to the Protocols to Observe when Considering Enrolling Under 18s under the ESOS Act 2000.

Where a person has met the exceptions to the policy, the Principal will accept responsibility for approving the person's accommodation, support & general welfare arrangements where the person is an international or a domestic student unaccompanied by a parent.

The person will be regularly monitored on their general welfare and course progress by the Principal until the person turns 18 or the enrolment is cancelled. A minor can be permitted to undertake an official Industry Placement however this will be under conditions imposed by the Principal.

To ensure duty of care all staff must be notified of any student under 18 years of age.

Procedure

Student enrolment

International Student

Where an international student has met the exemptions to the policy, the Admissions staff will check with the student to find out if the student plans to package the student visa application with more than one Training Provider. The Admissions staff will send the international student a letter of offer and when this has been accepted and signed by both the international student and parent/s (or legal guardian), the Admissions staff will proceed with the enrolment.

Where an international student intends to package the visa with more than one course and with another provider, the Admissions staff will contact the provider of the first course to confirm the dates that they accept responsibility for the international students' accommodation, support and general welfare. The Admissions staff will negotiate with the other provider to ensure that no gaps exist. Once these dates have been determined the enrolling/admissions staff will then arrange for the Confirmation of Enrolment (COE) form/s to be created. The Admissions staff will also ensure they have onshore current contact details for the international student for the total period of the prior course.

ICHM will nominate the dates on the DIBP pro forma letter that it will accept responsibility for the international student ensuring there are no gaps in the dates from the first provider in the approval of the students' accommodation, support and general welfare.
Where an international student is not packaging the visa with another provider, the Admissions staff will arrange for the Confirmation of Enrolment form/s to be created and will confirm the dates for approval of the students’ accommodation, support and general welfare on the DIBP pro forma.

DIBP will be advised in writing of the nominated dates via the generation of the DIBP pro forma on PRISMS.

The Confirmation of Enrolment forms & a copy of the DIBP pro forma will be issued to the student for the student to apply for the student visa and a copy kept on the student file.

**Domestic Student**

Where a domestic student has met the exemptions of the policy, the Admissions staff will contact the student and parent/s to discuss the “Agreement regarding the special conditions applying to students under 18 years of age”. After the parent/s and student have agreed to these arrangements the Admissions staff will proceed with the normal enrolment procedure.

If the student is not located by 8am the following morning, the Manager RIH will mobilise a search that may include informing the police.

**The student enrolment is cancelled**

Where a students’ enrolment is cancelled, suspended or terminated by either the domestic or international student or ICHM, the student will remain in the on campus accommodation or other approved accommodation until other arrangements are put into place. ICHM will ensure that the student has either been accepted by another provider or has confirmed arrangements to return to the parents care before relinquishing its responsibility for the student. The monitoring of the student will continue as per the “Agreement regarding special conditions applying to students under 18 years of age” until the student is no longer the responsibility of ICHM.

Where an international students’ enrolment is cancelled or suspended or terminated by either the student or ICHM, ICHM will report the students’ COE through PRISMS and will advise DIBP in writing using the DIBP pro forma letter through PRISMS if ICHM no longer approves the arrangements for the student.
